Xinyu Guo Ph.D. student

Education

University of Arizona Arizona, United States
Ph.D. Student in Computer Science 2024 - Present
- Advisor: Prof. Mihai Surdeanu
- Research Interests: LLM Reasoning, Reinforcement Learning, Fine-Grained Credit Assignment, Interpretability

Shandong University Shandong, China
B.E. in Computer Science 2019 - 2023
- GPA: 89.56/100.00
- Graduated with Honors

Research Overview

My research focuses on **fine-grained supervision for LLM reasoning**. Outcome-level signals tell a model *whether* it reasoned well, but not *where*. I make this supervision fine-grained along two directions:

- **RL for Reasoning Quality**: training LLMs to produce accurate, concise, and human-aligned reasoning. A key focus is **fine-grained credit assignment**, i.e., crediting the specific phrases, tokens, and criteria behind a good response with cheap signals, such as rewards derived from the model's own correct predictions or rubric-level scores that standard training discards, while keeping these proxy rewards from being hacked.
- **Mechanisms of Reasoning**: looking inside LLMs to find how concepts and their logical structure support reasoning, by aligning sparse autoencoder features with concepts and taxonomies.

Publications

RL for Reasoning Quality

[2026] **Xinyu Guo**, Zhengliang Shi, Minglai Yang, Mahdi Rahimi, Mihai Surdeanu*. The Answer Lies Within: Self-Derived Rewards Enable Explainable Relation Extraction. ***EMNLP 2026 Main.***

Internships

Abaka AI | Mountain View, CA, United States 2026.05 - 2026.10

- Role: Research Scientist Intern
- Built RL environments and post-training data for tool-using customer-service agents on τ^2-bench, and trained call agents with RL (RetailServe).
- Contributed to Dr. DocBench and helped organize the DocInsights 2026 workshop at EMNLP 2026.

Research Experience

CLU-LAB, University of Arizona | Arizona, United States 2025.03 - Present

- Advisor: Prof. Mihai Surdeanu
- Research Topic: Natural Language Processing, Reinforcement Learning, LLMs.

CAES Research Center, Shandong University | Shandong, China 2023.09 - 2024.09

- Advisor: Prof. Zhongxing Yu
- Research Topic: Program Analysis, Automated Program Repair, AI4SE.

Oxford Winter Exchange Program, Oxford University | UK 2022.02

- Advisor: Prof. Jeremy Pitt
- Topic: AI Myths, Reality, and Human-AI Interaction.

Grant and Services

Co-PI for ABC SEED Grant, Arizona Astrobiology Center

Reviewer for ARR 2026

Awards and Honors

Galileo Circle Scholarship, University of Arizona 2026

Science Graduate College Fellowship, University of Arizona 2024, 2025

Outstanding Undergraduate Thesis Award, Shandong University 2023

Outstanding Graduate Student, Shandong University 2023

Academic Scholarship, Shandong University 2022

The 18th Certified Software Professional Examination Top 4.57%, CCF 2021

Skills

Programming Languages: `Python`, `C/C++`, `MATLAB`, `Go`, `Java`, `HTML`.

Libraries & Framework: `PyTorch`, `Numpy`, `vLLM`, `VeRL(RL)`, `Hugging Face Transformers`, `SQLite`, `MySQL`, `Spring Boot`, `JavaScript`, `Qt`.

Teaching

Teaching Assistant for CSC337 Web Programming, CSC460 Database
University of Arizona, US 2024, 2025

Teaching Assistant for Software Engineering
Shandong University, China 2023
